Education

- 1974** Premedical, Maharajah's College
Jaipur, India
- 1978** MD, Armed Forces Medical College
Pune, India

Internship

- 1978-1980** Army Hospital
Delhi, India

Residency

- 1980-1981** Medicine, Safdarjung Hospital,
New Delhi, India 07/81
- 1982** Surgery, Maimonides Medical Center
Brooklyn, NY
- 1982-1985** Medicine, Sisters of Charity Hospital,
State University of New York
Buffalo, NY
- 1985-1987** Gastroenterology, New England Medical Center, Boston, MA

Appointments

- 1987-1993** Staff Physician
Division of Gastroenterology,
New England Medical Center
Boston, MA
- 1987-1993** Assistant Professor of Medicine
Department of Medicine
Tufts University
Boston, MA

Project ECHO ® (Extension for Community Healthcare Outcomes)

1993	Associate Professor of Medicine Department of Medicine Tufts University Boston, MA
1993	Staff Gastroenterologist University of New Mexico Hospital Albuquerque, NM
1993-1998	Section Chief of Gastroenterology and Associate Professor of Medicine University of New Mexico Hospital Albuquerque, NM
1997-1999	Chief of Medical Staff Health Sciences Center University of New Mexico Albuquerque, NM
1998-2010	Director, Office of Clinical Affairs Department of Internal Medicine Health Sciences Center University of New Mexico Albuquerque, NM
2000	Professor of Medicine School of Medicine Health Sciences Center University of New Mexico Albuquerque, NM
2002-2004	Vice-Chair Department of Internal Medicine Health Sciences Center University of New Mexico Albuquerque, NM
2004-2010	Executive Vice-Chair Department of Internal Medicine Health Sciences Center University of New Mexico Albuquerque, NM
2012	Distinguished Professor of Medicine Health Sciences Center University of New Mexico Albuquerque, NM
2004	Executive Director Project ECHO Health Sciences Center University of New Mexico Albuquerque, NM

Project ECHO® (Extension for Community Healthcare Outcomes)

- 2019** Distinguished and Regents' Professor of Medicine
Health Sciences Center
University of New Mexico
Albuquerque, NM
- 2020** Doctor of Science Degree from the President of India

Hospital Appointments

- 7/1997-1999** Chief of Medical Staff
Health Sciences Center
University of New Mexico
Albuquerque, NM
- 7/1993-present** Staff Gastroenterologist
University of New Mexico Hospital
Albuquerque, NM
- 7/1987-1993** Staff Physician
Division of Gastroenterology
New England Medical Center
Boston, MA

Licensure and Certification

- 1985** Massachusetts Medical License #55062
- 1985** American Board of Internal Medicine
- 1987** American Board of Gastroenterology
- 1993** New Mexico Medical License #93-199
- 1997** Masters in Medical Management, Tulane University
- 1997** American Board of Medical Management
- 1998** Certificate of Practice Management
The American College of Medical Staff Development
- 1998** Certified Physician Executive
American College of Physician Executives

Awards and Honors

- 2023** ECHO Institute designated as a World Health Organization Collaborating Centre for Digital Learning in Health Emergencies (USA-479)
- 2023** Project ECHO named Albuquerque's Top Three Best Places to Work in New Mexico
- 2023** Jewish Community Center, New Mexico Humanitarian Award
- 2022** New Mexico True Heroes Award, New Mexico Magazine
- 2021** Jewish Community Center, NM Humanitarian Award
- 2021** Laureate for the Brock Prize in Education Innovation
- 2020** Zoomtopia Healthcare Innovation Award
- 2019** New Mexico Distinguished Public Service Award
- 2019** New Mexico Lifetime Achievement Award Recipient

Project ECHO® (Extension for Community Healthcare Outcomes)

2019	Prevent Cancer Foundation Laurels Award Health Equity in recognition of outstanding leadership in cancer prevention and early detection
2018	Albuquerque Meeting Hero Award to recognize efforts to keep Project ECHO events in New Mexico. Presented by Visit Albuquerque, NM, Albuquerque, NM
2018	Northeast Ohio Medical University Award for Dr. Arora's vision, leadership, and support in multiplying the power to cure.
2017	Hepatitis Hero Award by the Viral Hepatitis Action Coalition (VHAC) to recognize outstanding efforts that enabled two rural state-based programs in Arizona and Utah to implement a Project ECHO-like model, successfully training 66 primary care clinicians from rural communities
2016	Presidential Award of Distinction, University of New Mexico
2016	Recognition by the American College of Gastroenterology for 25 years of membership and longstanding involvement in the College
2015	Recognition by the Mary Anne Keshen & Family Charitable Trust for transforming Global Healthcare. November 10, 2015. Society of Physician Entrepreneurs.
2015	20 for 20 Honoree for contributions to improving Health Care in New Mexico for the past 20 years. September 26, 2015, Health Action New Mexico
2015	ABL – Innovations in Healthcare Leadership in Innovation Award
2015	Performance Excellence Award, New Mexico Department of Health
2014	New Mexico Community Health Worker Association, Inc. Lifetime Achievement Award Advocating for the CHW Model
2014	Project ECHO highlighted in a New York Times Article, Opinionator Section, under Fixes, "The Power to Cure, Multiplied" June 11, 2014. Teresa Heinz and the Heinz Family Foundation 19 th annual Heinz Award
2014	Teresa Heinz and the Heinz Family Foundation 19 th annual Heinz Award in Public Policy
2013	American Telemedicine Association (ATA) President's Award
2013	Distinguished Professor at the University of New Mexico
2013	Second Rosenthal Award from the Rosenthal Family Foundation, American College of Physicians
2012	Excellence in Clinical Research Award, University of New Mexico Health Sciences Center
2011	New England Journal of Medicine Article, "Outcomes of Treatment for Hepatitis C Virus Infection by Primary Care Providers" named one of the Most Influential Research Articles of 2011 by Robert Wood Johnson Foundation.
2011	Project ECHO® highlighted on Discovery Channel "Health IT Advancing Care Empowering Patients" airing on the Discovery Channel Saturday, November 19, 2011. The series showcased Project ECHO® as a leading-edge project.
2010	21 st Century Awards for best Practices in Distance Learning from the United States Distance Learning Association (USDLA)
2009	ASHOKA Fellowship
2009	Lemelson Fellow

Project ECHO ® (Extension for Community Healthcare Outcomes)

2009	Membership in the Alpha Omega Alpha, Medical Society
2009	Leadership in Distance Learning Program Administration Award from the United States Distance Learning Association (USDLA)
2008	eHealth Initiative Award “Transforming Care Delivery at the Point of Care”
2008	Computerworld Honors Program Laureate
2007	Robert Wood Johnson Foundation/Ashoka Foundation Changemakers Competition
2005	UNM Department of Medicine Translational Research Award
2005	Certificate of Appreciation from NM Clinical Prevention Initiative
2005	Recognized by the New Mexico State Legislature for “outstanding achievements and exceptional commitment to the people of New Mexico” and gratitude expressed for improving healthcare in New Mexico”
2004	New Mexico Department of Health Hepatitis Program Hero of Public Health Red Hot Chile Award
2002	Dean’s Award of Distinction, Outstanding Faculty Performance, Academic Year 2001-2002, University of New Mexico
1987	Young Investigator Award, American College of Nutrition
1979	5 th in University of Pune, India
1979	4 th in Final MBBS Maharaja’s College, India

Grant Awards

Pfizer

Pfizer-Antimicrobial Stewardship (AMS) in LMICS-Year 1 **1/1/2024-12-31-2024**
Tele-mentoring, Equity, & Advocacy Collaboration for Health through **\$750,000.00**
Antimicrobial Stewardship (TEACH)

to expand access to best-practice, comprehensive antimicrobial stewardship (AMS) to underserved patients and their families in underserved regions worldwide. Africa, Southeast Asia, and Latin America (LATAM). The first year will focus on creating new AMS networks in Africa, with additional networks launched in Southeast Asia and Latin America in subsequent years. We anticipate a minimum of 15 AMS networks will have launched and be actively

Project ECHO® (Extension for Community Healthcare Outcomes)

using the Project ECHO platform to implement the ECHO Telementoring model for building AMS expertise using case-based learning and group discussion to develop generalizable knowledge and share culturally appropriate best practices. Each in-country AMS network will train and remotely mentor health care providers in low and middle-income countries (LMICs) on best practices for implementing sustainable AMS programs in hospitals and strategies for driving policy action.

Pfizer Global Emerging Markets Planning Grant

1/1/2022-4/30/2023

\$500,000

Pfizer Emerging Markets wants to partner with us on a planning grant to identify local priorities and partners in countries in Latin America, Asia, and Africa, to plan and launch future independent medical education programs for providers in these areas, in partnership with governments and other stakeholders

Bayer and Bayer Foundation

10/30/2023

Women and Girls Health Promotion LATAM

\$400,000

Bayer would like the focus to be women's health. Women's health is a strategic alignment for Bayer and of course it aligns with our gender work too. Emphasis on infectious disease/HIV (in women's healthcare).

University of Kentucky (Sub-Award) Quality HCV Care

4/3/2019-3/12/2019

\$25,000

The ECHO Institute will partner with the Hepatology section of the Division of Digestive Diseases and Nutrition at the University of Kentucky, for its proposal to implement the ECHO model as part of a larger project comparing interdisciplinary care models and their impact on hepatitis C treatment uptake, completion, sustained virologic response, and retention in care, as submitted to Gilead Sciences' HCV SCALE program. For its role in this partnership, the ECHO Institute, led by its Director Dr. Sanjeev Arora, will provide expertise, guidance, assistance, and resources for designing, recruiting, launching, and evaluating the ECHO model within the context of chronic hepatitis C, in coordination with the phases of the project as proposed.

World Bank Group

2/10/2023-4/21/2023

World Bank support for Cote d'Ivoire MOH

\$64,975.00

Establishing a Project ECHO Program on Clinical Vignettes and Improving Clinical Competency

The Ministry of Health of Cote d'Ivoire (Ministère du santé, de l'hygiène publique et de la couverture médicale universelle – MSHPCM) is committed to strengthening the clinical competency of primary health care (PHC) providers, as part of its strategy of improving

Project ECHO® (Extension for Community Healthcare Outcomes)

health outcomes for common diseases. With the support of the World Bank and the Primary Health Care Performance Initiative (PHCPI), the DGS (Direction-Generale de Santé) of the Ministry has developed a suite of clinical vignettes used to test the clinical skills of these providers and is in the process of completing in-person training for district-level supervisors to administer them to providers. The next step will be to provide continuing support to district supervisors in implementation of the program, and to develop a remote training program for providers who perform poorly on these assessments to help them rapidly improve their scores. It is proposed that the Project Echo platform and methodology be used to support both of these tasks.

Genentech	3/15/2021-11/15/2023
Genentech/ILD Collaborative	\$308,987.00

The majority of funding will flow to the ILD Collaborative to support their ILD ECHO program. We applied as an ACCME-accredited provider, and Dorrie will review their project and ECHO will provide CMEs.

Gilead Sciences	4/22/2019-12/30/2021
Gilead Sciences Improving Hepatitis C	\$300,000

Improving Hepatitis C Care in Rural and Underserved Appalachian Communities

Presbyterian Medical Service	1/1/2019-12/31/2019
MCO Depression	\$65,000

New Mexico Public Education Department (NMPED)	12/7/2022-6/30/2023
ECHO for Community Schoos 2023	\$40,000

The ECHO Institute will partner with the New Mexico Public Education Department (PED) on an ECHO for Education Program developing and implementing a virtual community of practice with community school coordinators, principals, and members from the site-based leadership teams to increase expertise and collaborative leadership for the 2022-2023 school year (SY)

World Health Organization (WHO)	11/29/2022-12/13/2022
CNO ECHO Community of Practice-Continuation	\$13,143

Three 1.5 hr. sessions: 29 November and 13 December 2022 Interpretation in French, Spanish, Arabic, Russian and Chinese (interpretation only contract)

Project ECHO ® (Extension for Community Healthcare Outcomes)

World Health Organization (WHO)

Translation for IPC Session

10/1/2022-3/31/2023

\$24,948

This quote outlines the costs associated with providing give 90-Minute Community of Practice session on infection prevention and control, including simultaneous translation services in UN languages for the World Health Organizations

UNM Health Sciences Center (UNMHSC)

SOR3 CHW/PSW Opioid ECHO (through Psych)

10/1/2022-9/30/2024

\$150,000

Pfizer

Antimicrobial Stewardship (AMS) in LMICs

10/1/2022-9/30/2025

\$750,000

To expand access to best-practice comprehensive antimicrobial stewardship (AMS) to underserved regions worldwide. Africa, Southeast Asia, and Latin America (LATAM). The first year will focus on creating new AMS networks in Africa, with additional networks launched in Southeast Asia and Latin America in subsequent years. We anticipate a minimum of 15 AMS networks will have launched and be actively using the Project ECHO platform to implement the ECHO Telementoring model for building AMS expertise using case-based learning and group discussion to develop generalizable knowledge and share culturally appropriate best practices. Each in-country AMS network will train and remotely mentor health care providers in low and middle-income countries (LMICs) on best practices for implementing sustainable AMS programs in hospitals and strategies for driving policy action.

NM Department of Finance and Administration (NMDFA)

10/1/2022-6/30/2022

\$150,000

Building the Capacity of Legal Aid Providers to serve rural New Mexicans

Bureau of Indian Affairs (BIA)

BIA Office of Justice Services Resilience ECHO-year1

10/1/2022-9/30/2023

\$350,000

Using Project ECHO to Enhance Resilience for OJS Law Enforcement and Corrections Officers.

Association of State and Territorial Health Officials

ASTHO/CDC Opioid Rapid Response
renewal -2022-2023

10/1/2022-7/1/2023

\$300,000 Program

Renewal of previous rapid response project in partnership with CDC

Project ECHO ® (Extension for Community Healthcare Outcomes)

US Health Resources and Services Administration (HRSA)	9/30/2022-9/29/2023
TTELP-year 2	\$475,000

Launch a five-year Telehealth Technology-Enabled Learning Program (TTELP) to provide evidence-based training technical assistance and mentorship on post-COVID

JHPIEGO Corporation	9/20/2022-12/31/2022
Global Reach II-Y2Q1 Activities in Sierra Leone	\$68,213

This is funding to cover the project team's scoping assessment trip in Sierra Leone in Y2Q1

JHPIEGO Corporation	9/30/2022-9/29/2023
JHPIEGO Global Reach II (GRII) Y2 activities in Uganda and Zambia	\$44,000

This contract will be a follow-up on submission to another 12072 records for Y2Q1 activities in Sierra Leone funded through PEPFAR. The project team will be helping with Quality Improvement Activities in both countries.

World Health Organization (WHO)	9/1/2022-12/21/2022
WHO PHL series	\$21,763

As part of the WHO's laboratory pillar's COVID-19 response, the WHO Public Health Laboratory Strengthening Unit at Headquarters together with Regional Offices launched in May 2020 a knowledge sharing platform for COVID-19 testing laboratories and other laboratory stakeholders. This platform was developed after identifying the need to intensify networking and training amidst limited capacity for in-country and in-person events and workshops. The platform offers a virtual forum for dynamic and real time information sharing on laboratory testing good practices, national laboratory networks, latest WHO guidance and to provide a forum for technical assistance, training and troubleshooting to laboratories with less experience and knowledge. In addition, it also offers the opportunity to promote innovations and peer-to-peer exchanges.

Chronic Liver Disease Foundation	8/15/2022-8/14/2023
PEP-HCV Elimination-CLDF 2022-2023	\$100,000

World Health Organization (WHO)	9/1/2022-10/31/2022
WHO CNO ECHO Community of Practice Continuation	\$3,974

Merck Company Foundation	9/1/2022-1/31/2023
Merck Oncology Expanding access to Cancer Care in India, Vietnam & Malaysia	\$150,000

Project ECHO® (Extension for Community Healthcare Outcomes)

This six-month planning grant will enable us to write a full proposal on expanding ECHO oncology programs in India, Indonesia, Malaysia, and Vietnam.

Bristol Myers Squibb	9/1/2022-8/31/2023
BMS Beta Thalassemia ECHO – India	\$1,050,000

BMS is looking for a concept note for a 3-year Beta Thalassemia ECHO program based in India but potentially also based in/serving other countries nearby (Sri Lanka, Pakistan, Azerbaijan, Maldives). They would like to finalize the concept by the end of 2021 and kick off the program Q1 2022 or early Q2. Funding would come from the US and flow to India team through ECHO Institute. Funding will come from BMS global policy and govt affairs team.

Centers for Disease Control Prevention (CDC)	8/19/2022-8/18/2023
CDC GEMCDT – Global Emergency Management	\$274,680
PHEM Fellow ECHO	

This is a joint venture between CDC's Global Emergency Management Capacity Development Team and the Center for Global Health (CGH)

Chronic Liver Disease Foundation	8/15/2022-8/14/2023
PEP-HCV Elimination – CLDF 2022-2023	\$100,000

Chronic Liver Disease Foundation	3/1/2021-9/30/2021
Chronic Liver Disease Foundation & ECHO Partnership	\$114,000.00

Health Care Service	1/1/2019-12/31/2019
MCO Depression Quality Improvement	\$65,000

UBS Optimus Foundation	8/1/2022-7/31/2023
UBSOF-Perinatal Health Program	\$579,844

Funding will support a needs assessment to collect feedback from rural perinatal care teams on gaps in training opportunities to increase their use of AIM Bundles. With preliminary information from the needs assessment, Project ECHO will refine and re-launch the Improving Perinatal Health ECHO program in 2023.

The Lourie Center for Children's Social and Emotional Wellness	8/1/2022-7/31/2023
ECHO for Trauma Informed Preschool Support (TIPS) Program	\$75,000

Project ECHO® (Extension for Community Healthcare Outcomes)

The Lourie Center and Project ECHO will design, implement, and evaluate the ECHO for Trauma Informed Preschool Support (TIPS). This ECHO Program aims at developing important skills for early childhood mental health practitioners over the course of a year. Project ECHO will conduct an evaluation to better understand the impact of the program on participants.

Northwest Portland Area Indian Health Board

Indian Health Services Tele ECHO Clinic Support Year 6

8/1/2022-7/31/2023

\$152,600

The ECHO Institute will provide professional tele ECHO mentoring support on HIV/HCV/TB to providers across Indian Country. The ECHO Institute has substantial previous experience in conducting tele ECHO programs for Indian Country.

United States Health Resources and Services Administration (HRSA)

7/1/2022-6/30/2023

\$3,833,717

To provide funding for targeted, multidisciplinary education and training for health care professionals to provide health care services to people living with HIV (PLWH). The overarching goal of the AETC Program is to increase the number of health care providers who are educated and motivated to counsel, diagnose, treat, and medically manage PLWH and to help prevent HIV transmission.

Stanford University

Stanford Univ T1D (Year 4)

7/1/2022-6/30/2023

\$43,000

Support and Technical Assistance

New Mexico Department of Health (NMDOH)

NM DOH Hepatitis & HIV Clinical Consult-Continuation

7/1/2022-6/30/2024

\$300,000

Support the statewide network of clinical consultation for best-practice medical care statewide for two complex health conditions, hepatitis C virus and human immunodeficiency virus.

New Mexico Corrections Department (NMCD)

Re-entry ECHO Program: Supporting PEP Graduates as
Peer Support Workers

7/1/2022-6/30/2023

\$365,000

This program will train peer support workers to support individuals who have been released from a correctional facility on parole and/or placed on court-ordered supervision. Peer educators are trained to provide support around issues related to re-entering the community after incarceration, connecting with community-based resources, and overdose prevention.

Project ECHO® (Extension for Community Healthcare Outcomes)

New Mexico Corrections Department (NMCD)	7/1/2022-6/30/2023
NM Corrections Department Hepatitis C-Continuation	\$656,112

New Mexico Department of Health (NMDOH)	6/21/2022-7/31/2022
DOH Climate Change Grant	\$100,000

Support to build out three curriculum modules for the CCHH ECHO Program: Extreme heat and drought, Climate Change and Indigenous Communities, and Environmental Justice.

World Health Organization (WHO)	6/1/2022-9/15/2022
WHO PHL Webinar Series	\$21,113

As part of the WHO's laboratory pillar's COVID-19 response, the WHO Public Health Laboratory Strengthening Unit at Headquarters together with Regional Offices launched in May 2020 a knowledge sharing platform for COVID-19 testing laboratories and other laboratory stakeholders. This platform was developed after identifying the need to intensify networking and training amidst limited capacity for in-country and in-person events and workshops. The platform offers a virtual forum for dynamic and real time information sharing on laboratory testing good practices, national laboratory networks, latest WHO guidance and to provide a forum for technical assistance, training and troubleshooting to laboratories with less experience and knowledge. In addition, it also offers the opportunity to promote innovations and peer-to-peer exchanges.

World Health Organization (WHO)	5/5/2022-4/22/2023
WHO CNO ECHO Community of Practice	\$3,912

WHO CNO Nursing and Midwifery Global Community of Practice

World Health Organization (WHO)	5/1/2022-12/31/2022
WHO Learning Collective in COVID-19 Vaccine Delivery Partnership (CoVDP)	\$12,943

Interpretation support

JHPIEGO Corporation	5/1/2022-9/29/2022
Global Reach II Y1 (May-Sept 2022) – Sierra Leone	\$68,149

This is funding to cover the project team's scoping assessment trip in Sierra Leone in Y2Q1

Co-Impact	2/2/2022-5/31/2025
Organizational Strengthening Grant for ECHO Institute	\$3,000,000

Project ECHO ® (Extension for Community Healthcare Outcomes)

ECHO India, and ECHO Africa

Launch ECHO's strategic plan for transforming global systems for sharing knowledge and improving the lives of one billion people. Specifically, funding from and collaboration with Co-Impact will support the development of strong proof points of work that will demonstrate the sustainable, scalable impact of the ECHO model in high-need geographies around the world.

HHS/Health Resources and Services Administration 5	7/1/2021-6/30/2022
U10ha33225-03-00	\$3,132,205
South Central AIDs Education and Training Center Continuation	

HHS/Health Resources and Services Administration 6	7/1/2021-6/30/2022
U10ha33225-03-01	\$200,000
SCAETC Collaboration with Bureau of Primary Health Care	

The goal of this project was to provide supplemental funding is for HRSA HIV/AIDS Bureau (HAB) Ryan White HIV/AIDS Program, AETC Program recipients to support the BPHC Primary Care HIV Prevention (PCHP) Initiative. This funding will also be used to assist HRSA-funded health centers in addressing additional technical assistance needs.

USAAFRICOM/USNAVAF N6817121P2044	6/14/2021-7/31/2021
USAAFRICOM/USNAVAFE ECHO Malaria Conference	\$32,771

The goal of this project was to provide technical support for USAAFRICOM & USNAVAF Conference

HHS/Agency for Healthcare Research and Quality	9/24/2020-3/23/2021
National Nursing Home COVID-19 Safety ECHO Program	\$237,224,446

This project develops and delivers evidence-informed, culturally appropriate, responsive/needs-based, longitudinal, and timely education and training, especially for healthcare providers serving disproportionately affected populations. These trainings will utilize methods appropriate for adult learners in sufficient dosage to impart change on the clinical workforce. They covered COVID-19 treatment and prevention and other co-occurring conditions such as viral hepatitis, sexually transmitted infections, behavioral health, and substance use disorders.

Merck Company Foundation 9074	9/17/2020-8/31/2022
COVID-19 Response in Kenya, South Africa & Uganda	\$1,500,000

Project ECHO® (Extension for Community Healthcare Outcomes)

This project equipped a critical mass of 25,000 clinical care providers, public health workers, nurses, front line workers and community health workers across Kenya, Uganda, and South Africa to prepare for and respond to the spread of COVID-19. We expanded and established a minimum of 15 ECHO COVID-19 networks across these countries, building on our existing relationships and forging new ones with local/regional institutions and government agencies. In addition to enabling immediate pandemic preparedness and response, these ECHO networks will be poised to rapidly and effectively implement viable COVID-19 therapeutics and vaccines.

Elizabeth Glaser Pediatric AIDS Foundation (TO3) 05258
IPC Global Webinar Series Brazil

2/1/2021-9/30/2021
\$15,000

The goal of this project was to disseminate best practices related to infection control and prevention, sanitation, personal safety, and other topics to a global audience of healthcare providers.

World Health Organization 202649909
15 Video Session for Access to COVID-19 Tools

3/1/2021-6/30/2021
\$18,000

This project complemented the existing training materials, CRD and ECHO will develop video-conference-based communities of practice building from ECHO's systems, processes, and networks. These communities of practice provide a videoconference-based platform for sharing global resources and connecting with stakeholders to support effective implementation of COVID-19 vaccines.

Chronic Liver Disease Foundation
Chronic Liver Disease Foundation and ECHO Partnership

3/1/2021-9/30/2021
\$114,000

The purpose of this project was to expand Hepatitis C Virus (HCV) education within New Mexico (NM) prisons utilizing the groundbreaking Prisoner Health is Community Health: The New Mexico Peer Education Project and dramatically increase HCV treatment in the state prison system. Increased inmate education is essential to help dispel myths about HCV treatment encourage inmates to see treatment and decrease the rate of HCV reinfection.

Helmsley Charitable Trust 259216
Global Replication Support

3/1/2021-2/28/2022
\$1,284,944

The ECHO Institute is partnering with Helmsley Charitable Trust to launch its strategic plan for reaching 1 billion lives by 2025. Funding from Helmsley Charitable Trust will support the ECHO Institute's capacity to support and expand its robust replication engine, the means by which the ECHO Institute team trains and provides technical assistance in the ECHO model

Project ECHO ® (Extension for Community Healthcare Outcomes)

to ECHO partners around the world. This funding will also support the implementation of a communications strategy to catalyze the national and global scaling of the ECHO movement.

Robert Wood Johnson Foundation 77796
Partnership for Amplifying COVID-19 Response

8/1/202-1/31/2021
\$150,000

This project enabled the ECHO Institute to expand the use of the ECHO Model for COVID-19 response by supporting five of the Regional Emerging Special Pathogens Education and Training Centers to design and launch ECHO hubs to amplify their COVID-19 work in their states and regions; supporting five existing ECHO hubs to amplify their COVID-19 work in their communities; collecting and analyzing data from across these COVID-19 sessions and sharing learning; establishing and facilitating a COVID-19 ECHO collaborative to bring all program teams together for monthly virtual sessions and best practices; and coordinating with ideas42 data strategies for tracking and measuring the impact of COVID-19 ECHO programs.

Montana's del Norte AHEC EC 46773
Partnership for HRSA COVID Cares Act

5/1/2020-4/30/2021
\$5,664

The goal of this project was to provide training on evidence-based practices for preventing the spread of COVID-19 via telehealth to practitioners serving Federally Qualified Health Center, Health professions students, Area Health Education Scholars, and other health professionals around the State of New Mexico.

General Electric Foundation 259062
Leveraging the ECHO Model
To Improve Healthcare Efficiency and Quality in FQHC's

6/1/2018-12/31/2022
\$1,820,942

This grant is designed to address critical shortages in access to specialty care in rural and urban underserved communities throughout the US. Patients are often unable to receive the right care at the right place at the right time, due to the lack of access to appropriate medical expertise in their home communities. Patients must travel long distances to receive care, wait excessive amounts of time to see a specialist, and often must suffer the health and economic consequences of these long waits.

Bristol Myers Squibb Foundation 259103
Reducing Disparities in Prevention and
Care of Cancer through the ECHO Model

12/1/2017-12/31/2022
\$1,858,836

The main purpose of this funding us to allow the ECHO Institute to significantly expand the reach of the ECHO model in cancer, and to train many more replicating partners or hubs in the implementation of the ECHO model for cancer. By the end of the five-year grant period, the Echo Institute is forecasting to have reached an

Project ECHO® (Extension for Community Healthcare Outcomes)

additional 25 cancer centers, expert cancer organizations or Academic Medical Centers replicating the ECHO model within the cancer arena, with multiple teleECHO clinics operating out of each hub. MetaECHO collaborative will also be established to encourage collaboration and improved tracking of cancer outcomes from across the multiple hub sites participating in this project.

Robert Wood Johnson Foundation 259186
ECHO-RWJF Partnership for National Health

9/1/2018-8/31/2021
\$1,785,714

The Robert Wood Johnson will partner with the ECHO Institute to provide operations support for the ECHO Institute's work in nationally and globally replicating the ECHO model to promote a culture of health through addressing disparities in healthcare for rural and underserved populations.

MERCK Foundation 259192
Southeast Asia Health Systems Expansion

12/1/2017-12/31/2022
\$1,000,477

The purpose of this grant is to fund the replication of the Echo model in Southeast Asia where patients have significant trouble accessing needed healthcare services. Specialty care services are often unavailable or unattainable locally. For those who are able to travel to access specialty services, the costs of those services are often prohibitive, and many families experience considerable financial hardship in order to attain needed care. In rural settings, a key challenge is a knowledge deficit, which inhibits patients from getting the right care at the right place and at the right time. Project ECHO provides a cost-effective way to address the need for greater expertise at the local level through ongoing tele-mentoring and guided practice.

Co-Impact 259194, 224, 225
Co-Impact Strategic Planning Support

7/1/2019-9/31/2021
\$1,423,460

The ECHO Institute will partner with Co-Impact to launch its strategic plan for transforming global systems for sharing knowledge and improving the lives of one billion people. Specifically, funding from and collaboration with Co-Impact will support the development of strong proof points of focused work that will demonstrate the sustainable, scalable impact of the ECHO model in high-need geographies around the world.

Centers for Disease Control and Prevention 259238
Building U.S. Public Health Service Clinical Opioid Response

9/25/2019-9/24/2021
\$388,889

The project scope encompasses development of a comprehensive work plan, the amplified curricula, attendant case forms and background literature, a strategy to enroll PHS crisis opioid response individuals and teams, an accreditation, and an evaluation

Project ECHO® (Extension for Community Healthcare Outcomes)

plan. These components will be submitted to CDC/PHS for review/revision and approval, according to the schedule outlined in the final work plan. Train PHS clinical opioid response teams, using the approach and capacities of the ECHO Institute.

National Network of Public Health Institutes 259239
Safe Opioid Prescribing ECHO

8/12/2019-5/31/2021
\$595,238

University of New Mexico (UNM) Extension for Community Health Outcomes (ECHO) The ECHO Institute will launch a one-year pilot project, the Safe Opioid Prescribing ECHO, to provide a 90-minute weekly pain and opioid telehealth program, aimed at training Primary Care Providers in New Mexico to safely manage their chronic pain patients. The target audience of the ECHO program is primary care providers practicing at Federally Qualified Health Centers (FQHCs) in New Mexico. The 12-week curriculum will incorporate CDC opioid prescribing guidelines and quality measures to ensure patient safety.

USDA 259250
First Responder ECHO Program

11/1/2019-10/31/2021
\$198,413

The ECHO (Extension for Community Healthcare Outcomes) Institute at the University of New Mexico Health Sciences Center will launch a program to reduce morbidity and mortality associated with Opioid Use Disorder (OUD) and Substance Use Disorder (SUD) in high-risk, rural communities by providing technical Assistance to New Mexico's first responders.

Health Resources and Services Administration HRSA 259251
Aids Education and Training Centers Program

7/1/2020-6/30/2021
3,059,696

The ECHO Institute SCAETC will identify the needs of clinics in the region and provide education and technical assistance to enable clinics and HCPs to deliver comprehensive care to PLWH. The SCAETC collaborates with HIV stakeholders at the state level to identify priorities for training sites, given regional epidemiology and needs assessments.

Gilead (IMED) 259252
HCV Care in Appalachian States

1/31/2020-12/31/2021
\$238,095

The ECHO Institute at the University of New Mexico Health Sciences Center (UNMHSC) will provide training, technical assistance, and support to academic medical centers or other organizations on replicating the ECHO model for HCV in their communities. By utilizing the ECHO model, they can launch and/or scale programs to increase access to high-quality HCV screening, diagnosis, and treatment in their communities.

Project ECHO ® (Extension for Community Healthcare Outcomes)

The Republic of Armenia Ministry of Health 259253
The Republic of Armenia for a national TB program

5/21/2020-9/30/2021
\$106,986

The ECHO Institute (ECHO) will partner with the Ministry of Health of the Republic of Armenia (MOH) and their sponsoring organization, The Global Fund, to provide in-country and remote support for designing and implementing of a national TB ECHO program. ECHO personnel will support Armenia staff through programmatic and training assistance, conducting an ECHO training in Yerevan, Armenia, and providing ongoing technical assistance as the program progresses. ECHO will invite four members of the Armenia team to Immersion training at the ECHO Institute in Albuquerque, New Mexico to receive in-depth training on the policies and procedures that create successful ECHO programs.

JHPIEGO Corporation 259257
Project ECHO Immersion and follow-up Training in Nigeria

10/01/2020-9/29/2021
\$83,333

Jhpiego and the University of New Mexico ECHO Institute continue engaging with HRSA to provide technical assistance for the for HRSA's Health Workforce for the 21st Century (HW 21) initiative throughout PEPFAR countries. The ECHO model is a proven educational and collaborative problem-solving platform that will connect healthcare personnel from throughout the region and subject matter experts on regional public health priorities, identified knowledge gaps, and the most effective and efficient means of disseminating best practices.

JHPIEGO Corporation 21-SBA-053
Support for Building Health Worker Capacity
Through the Urban Health Initiative Program in Afghanistan

10/28/2023-10/15/2021
\$194,049

During this partnership we improved health services delivery in Afghanistan under the Urban Health Initiative program sponsored by USAID. We created training hubs at identified sites in Afghanistan who will remotely train a network of healthcare providers at regional sites known as "spokes" on strategies for health worker and program manager capacity building, skill retention, sharing of best practices, and collaborative problem solving.

NM DOC continuation 259259
NM Department of Corrections Hepatitis C

7/1/2020-6/30/2021
\$575,536

The ECHO Institute will support the treatment and care of Hepatitis C (HCV) infected individuals within the New Mexico Corrections Department's (NMCD) prisons and will

Project ECHO ® (Extension for Community Healthcare Outcomes)

support health education and disease prevention strategies for the NMCD's incarcerated population. ECHO will also offer support to maintain and expand the NM Peer Education Program.

New Mexico Department of Health 259260

Hepatitis and HIV Clinical Consultant Project -continuation

7/1/2020-6/30/2022

\$284,360.19

The purpose of this grant is to help increase access to best practice care for hepatitis C infection by offering consultation and training via Project ECHO for a diverse array of medical care provider agencies and clinicians across the state.

Health Resources and Services Administration (HRSA) 259266 4/1/2020-3/31/2021

AETC COVID-19 Response

\$370,370

In the winter of 2019/2020, a novel coronavirus, SARS CoV-2, spread from China to other regions of the world, including the U.S., leading to the current COVID-19 pandemic. The U.S. and state-specific responses to this pandemic resulted in travel restrictions and social distancing mandates. This led to the cancellation of all in-person training and redirection of SCAETC faculty and health care team trainee time and priorities to COVID-19 related planning and modifications to patient care. With new COVID-19 cases continuing to rise in many areas, the timetable for resuming traditional in-person trainings is not yet clear. In response to the growing need for HIV-related education and training in the era of COVID-19 pandemic, SCAETC proposes to utilize CARES Act FY 2020 Supplemental COVID-19 funding to enhance and expand our trainings using virtual platforms to reach participants and to provide education on approaches to telehealth in the HIV clinical setting using the ECHO model to strengthen workforce capacity.

Bristol Myers Squibb Foundation – COVID 19 259267

COVID 19

4/1/2020-3/31/2021

\$454,545

Allowing the ECHO Institute to cover the costs of diverting personnel from existing work to focus on COVID-19 response. Allowing the ECHO Institute to rapidly hire and train additional staff to provide increased capacity for the training and support that our hub partners so desperately need. Allowing the ECHO Institute to quickly hire and train additional project management and support staff to support our replication and project teams as they manage exponential demand for the ECHO model, and to provide rapid, effective coordination across the global ECHO movement. Ensuring that the ECHO Institute can engage appropriate subject-matter experts from diverse countries and regions, for culturally conscious development of COVID-19 training and curricula. Providing the ECHO Institute with the resources and staffing needed to amplify its online/digital infrastructure to develop and implement virtual trainings, research, and potentially adopt new technologies to increase our and our partners' effectiveness in

Project ECHO® (Extension for Community Healthcare Outcomes)

launching/supporting ECHO programs, and ensure that these resources are accessible to all ECHO partners across the movement.

HHS-ASPR -259275

ECHO ASPR COVID-19 Clinical Rounds Program

5/28/2020-5/27/2021

\$896,824

The contractor shall, in consultation with HHS ASPR personnel, plan, organize and provide operational support in the development and execution of peer-to-peer webinars on a variety of topics related to the treatment of individuals suffering from the COVID-19 disease.

The Audacious Project – Scaling Global Pandemic Response

259270, 276, 277

Global Pandemic Response-Audacious

6/15/2020-6/14/2022

\$9,000,000

Over the next two years, Project ECHO will equip a critical mass of 350,000 clinical care providers and public health workers in Africa, Southeast Asia, and Latin America to prepare for and respond to the spread of the virus, with a focus on saving millions of lives and protecting the world's most vulnerable communities. When the pandemic subsides, ECHO is committed to working with national governments and community stakeholders to ensure continuation of newly established programs to continue.

Northwest Portland Area Indian Health Board 259280

Indian Health Services Tele ECHO Clinic

8/1/2020-7/31/2021

\$211,374

The primary goal for this project is to provide professional teleECHO support on HIV/HCV to the Northwest Portland Area Indian Health Board, which provides telehealth services across Indian Country. The ECHO Institute has substantial previous experience in conducting tele ECHO, HIV/HCV clinics.

Stanford University (Prime: Helmsley) 259281

Stanford T1D subaward

7/1/2020-6/30/2021

\$32,248

The ECHO Institute will partner with Stanford University and the Helmsley Charitable Trust in implementing a provider-level intervention to improve access to care for underserved communities living with Type 1 Diabetes. Stanford and the University of Florida have completed the pilot and feasibility initiative to leverage the ECHO model to address urgent geographic, racial, and socioeconomic disparities within highly vulnerable populations of patients with T1D in California. The ECHO Institute is pleased to continue this partnership and provide ongoing training, technical assistance, and support to Stanford University as they grow their T1D ECHO program.

Project ECHO ® (Extension for Community Healthcare Outcomes)

Miners Colfax Medical Center 259282

Technical Support for Miner's Wellness

7/31/2020-6/20/2021

\$49,289

Miners Colfax Medical Center focuses on strengthening the rural mining-related health care system as a whole and thereby improving miners' health by implementing promising practice, and evidence informed and evidence-based approaches to address health disparities and to enhance population health in rural mining communities in the United States.

PNM Foundation 259286

Leveraging the ECHO Model for New Mexico COVID-19 Response

4/16/2020-5/1/2021

\$10,000

This funding will allow the ECHO Institute to strategically coordinate and support a statewide COVID-19 response effort, ensuring that all of New Mexico's rural and underserved patients, especially seniors, have access to the best care and prevention practices for the virus.

Open Road Alliance/Hopewell Fund 259287

ECHO Support for Multinational ONE HEALTH

7/15/2020-8/30/2021

\$79,365

Funding from the Open Road Alliance will support the "ECHO for Education: Social Emotional Learning" program, which provides training, mentorship, and professional development on students' social emotional learning to teachers, counselors, and administrators at schools throughout New Mexico.

(AHRQ) 259288, 298, 299, 300, 294, 301, 302, 303, 295

National Nursing Home COVID-19 Safety ECHO Program

9/24/2020-7/23/2021

\$230,451,956

Project ECHO is a national network of more than 250 partners operating 600 ECHO programs across the U.S. that provide training, technical assistance, and mentorship to healthcare providers, so that they can provide high-quality, best-practice healthcare to their patients. The ECHO Institute at the University of New Mexico Health Sciences Center (UNMHSC) will leverage this robust national ECHO network to rapidly deploy ECHO programs to train and support nursing home staff on best practices for protecting patients, staff, and visitors from deadly coronavirus infection and spread.

USAID-UC Davis 259289

ECHO Support for Multinational ONE HEALTH

10/1/2020-9/30/2021

\$111,753

UC Davis and the University of New Mexico HSC ECHO Institute (ECHO) are partnering as part of USAID- funded consortium designed to educate and empower the

Project ECHO ® (Extension for Community Healthcare Outcomes)

One Health workforce in Africa and Southeast Asia to prepare for, prevent, detect, and respond to public health emergencies of greatest concern, including infectious disease with an emphasis on zoonosis and anti-microbial resistance (AMR) health threats. The ECHO model facilitates the development of virtual communities of practice, and this educational and collaborative problem-solving platform will support the One Health networks in Africa and Southeast Asia to connect local and global subject matter experts who can provide mentoring on One Health public health priorities and dissemination of best practices. ECHO will work with consortium partners to support the design and development of regional and sub-national ECHO programs covering subjects identified in the One Health core competencies list, as well as topics of concern to regional partners and community stakeholders. In addition, ECHO programs are designed to be key infrastructure components for facilitating communication, information sharing, coordination and collaboration in the event that new disease outbreaks or health security issues should arise.

CDC 259290

Global Health Overseas Post and Pre-Implementation

8/1/2020-7/30/2021

\$178,087

Center for Global Health (CGH) seeks to develop training and communities of practice (COP) for country leadership. This project will fund the contractor to provide training and guidance to CDC personnel to facilitate virtual training that aligns with the principles and philosophy of bi-directional learning. This will allow CDC staff to facilitate trainings that will form virtual communities of practice (COPs) for internationally based staff to learn from one another and share best practices across country offices.

NM Corrections Department 259297

Re-entry ECHO Program: Supporting PEP Graduates

7/15/2020-6/30/2021

\$229,167

In collaboration with the NM Probation and Parole Division, the ECHO Institute will launch an innovative new ECHO program to support a community supervision peer education program. The ECHO Probation/Parole Division Peer Education Program (ECHO PPD PEP) will serve those persons who have been released from a correctional facility on parole supervision and/or placed on court ordered probation supervision. This project will align with an anticipated Inter-Governmental Agreement to come into effect in Fiscal Year 2021 (FY21 IGA).

Merck 259305

Response in Kenya, South Africa, and Uganda

9/17/2020-8/31/2022

\$1,304,347

The ECHO Institute will partner with the Merck Foundation to rapidly scale ECHO programs training healthcare providers in Kenya, South Africa, and Uganda for COVID-19 preparedness and response. The ECHO institute will

Project ECHO ® (Extension for Community Healthcare Outcomes)

collaborate with in-country partners and global subject matter experts on launching ECHO programs that will equip a critical mass of 25,000 clinical care providers and public health workers across Kenya, Uganda, and South Africa to prepare for and respond to the spread of COVID-19.

Roche 259308

10/15/2020-8/30/2023

Project ECHO: Enhancing Access to Cancer Treatment

\$1,758,868

Sponsorship from Roche will enable the ECHO Institute to bring high-quality cancer care and treatment to six high-need countries over the three-year project period: Cote d'Ivoire, the Democratic Republic of Congo, Indonesia, Laos, Pakistan, and the Philippines. We will focus our efforts on two countries per year in consultation with Roche.

The Task Force for Global Health TPN-FE-HAI

8/24/2020-8/31/2020

ECHO/TEPHINET Partnership for Infection Prevention Control

\$29,250

This project focused on infection prevention and control (IPC) As an essential component of healthcare system response to COVID-19. This global webinar series to focused on practical advice and implementation considerations for IPC in healthcare settings.

HHS/Indian Health Service (HIS) 259312

8/19/2020-8/18/2021

HIS-Reflect Impact of COVID-19 Programs

\$473,649

Project ECHO - Education and consultation regarding the impacts of COVID-19 community-based and medical responses to COVID-19, testing and treatment guidelines.

Elizabeth Glaser Pediatric AIDs Foundation 05121

6/18/2020-12/31/2020

ECHO/EGPAF Partnership for Infection Prevention Control

\$111,000

The focus of this project was infection prevention and control as an essential component of healthcare system response to COVID-19. Given the ongoing impacts of the pandemic, there is a prolonged need for remote subject matter expertise and assistance for IPC in context of COVID-19 response. We outlined a global webinar series to focus on practical advice and implementation considerations for IPC in healthcare settings.

NM Public Education Department 259313

9/1/2019-6/30/2021

ECHO for Education

\$94,787

The ECHO Institute will collaborate with the New Mexico Public Education Department's College and Career Readiness Division to provide leadership and facilitation for two continuing professional development communities of practice:

Project ECHO ® (Extension for Community Healthcare Outcomes)

ECHO for Career and Technical Education, and ECHO for Ed Rising.

Genentech Foundation 259315

1/15/2020-1/14/2023

ILD Collaborative: Interstitial Lung Disease ECHO Program

\$295,525

The project is to implement and evaluate an adaptation of the ECHO model to interstitial lung disease (ILD) diagnosis and care among primary care physicians (PCPs) and community pulmonologists in non-urban or underserved communities.

CHAI 259316

1/15/2020-1/14/2023

Global Webinars to Improve HIV Care in the COVID-19 Era

\$23, 809

To contribute to the continuity of advanced disease training during this time, CDC mycotic disease branch supported a virtual program of support to AHD activities, during the first half of 2020, designed in response to particular needs faced during the pandemic. This comprised 7 webinars and 1 workshop with participation from over 2000 individuals from over 100 countries.

Penn State 259318

9/1/2020-8/31/2021

COVID-19 Project ECHO for Nursing Homes

\$19,593

COVID-19 Project ECHO for Nursing Homes: A Patient-centered Randomized-controlled Trial to Implement Infection Control and Quality of Life Best Practices.

Research Trials for 2018

Collection of Plasma and/or Serum Samples from Subjects Infected with Chronic

Project ECHO ® (Extension for Community Healthcare Outcomes)

Hepatitis C Virus Genotype 1, 2 and 3 on a FDA Approved Treatment such as Harvoni™ (ledipasvir/sofosbuvir), Epclusa™ (sofosbuvir/velpatasvir) or Mavyret™ (glecaprevir/pibrentasvir)

Research Trials for 2016

A Phase II, Randomized, Open-Label Clinical Trial to Study the Efficacy and Safety of the Combination Regimen of MK-5172 and MK-3682 with Either MK-8742 or MK-8408 in Subjects with Chronic HCV GT1, GT2, and GT4 Infection
Merck Protocol MK-3682-011

Research Trials for 2015

An Open-Label, Multicenter Study to Evaluate Long-term Outcomes with ABT-450/Ritonavir/ ABT-267 (ABT- 450/r/ABT-267) and ABT-333 With or Without Ribavirin (RBV) in Adults with Genotype 1 Chronic Hepatitis C Virus (HCV) Infection (TOPAZ II)
AbbVie Protocol M14-222

A Long-Term Follow-up Registry for Subjects Who Achieve a Sustained Virologic Response to Treatment in Gilead-Sponsored Trials in Subjects with Chronic Hepatitis C Infection
Gilead Protocol GS-US-248-0122

Collection of Blood Specimens from Subjects Infected with chronic Hepatitis C (Genotypes 2 and 3) and treated with Sofosbuvir plus Ribavirin
Gilead Protocol COL-HCV-343

Multicenter, Prospective Evaluation of the Beckman Coulter DxN HCV Viral Load Assay as an aid in the Management of HCV-Infected Individuals Undergoing Antiviral Therapy
Beckman Coulter Protocol HCV-01-11.

Research Trials for 2014

An Open-Label, Multicenter Study to Evaluate The Efficacy And Safety Of Sofosbuvir/Ledipasvir Fixed- Dose Combination ±Ribavirin For 12 or 24 Weeks In Chronic Genotype 1 HCV Infected Subjects Who Participated In A Prior Gilead-Sponsored HCV Treatment Study
Protocol Number: GS-US-337-1118

Research Trials for 2013

A Phase 3, Multicenter, Randomized, Open-Label Study to Investigate the Efficacy and Safety of Sofosbuvir/Ledipasvir Fixed-Dose Combination ± Ribavirin for 8 Weeks and Sofosbuvir/Ledipasvir Fixed- Dose Combination for 12 Weeks in Treatment-Naïve

Project ECHO® (Extension for Community Healthcare Outcomes)

Subjects with Chronic Genotype 1 HCV Infection

Protocol Number: GS-US-337-0108

A Long-Term Follow-up Registry for Subjects Who Achieve Sustained Virologic Response to Treatment in Gilead-Sponsored Trials in Subjects with Chronic Hepatitis C Infection

Protocol Number: GS-US-248-0122

A Long-Term Follow-up Registry Study of Subjects Who Did Not Achieve Sustained Virologic Response in Gilead-Sponsored Trials in Subjects with Chronic Hepatitis C Infection

Protocol Number: GS-US-248-0123

Research Trials for 2012

Phase 3, Multicenter, Randomized, Open-Label Study to Investigate the Efficacy and Safety of Sofosbuvir/GS-5885 Fixed-Dose Combination \pm Ribavirin for 12 and 24 Weeks in Treatment-Naïve Subjects with Chronic Genotype 1 HCV Infection. GS-US-102

A Phase 3, Multicenter, Randomized, Open-Label Study to Investigate the Efficacy and Safety of Sofosbuvir/GS-5885 Fixed-Dose Combination \pm Ribavirin for 12 and 24 Weeks in Treatment- Experienced Subjects with Chronic Genotype 1 HCV Infection. GS-US-109

A Randomized, Open-Label, Multicenter Study to Evaluate the Safety and Antiviral Activity of the Combination of ABT-450 with Ritonavir (ABT-450/r), ABT-267, and ABT-333 With and Without Ribavirin in Treatment- Experienced Subjects with Genotype 1 Chronic Hepatitis C Virus (HCV) Infection (PEARL- II)

Multicenter, Prospective Evaluation of the Beckman Coulter DxN HCV Viral Load Assay as an aid in the Management of HCV-Infected Individuals Undergoing Antiviral

Research Trials for 2011

A Phase 2b, Randomized, Double-Blind, Placebo-Controlled Trial Evaluating 16 and 24 Weeks of a Four- Drug Regimen and 24 Weeks of a Three-Drug Regimen of GS-9451, Peginterferon Alfa 2a (PEG, Pegasys®) and Ribavirin (RBV, Copegus®) With and Without Tegobuvir (GS- 9190) Followed by Response Guided PEG and RBV in Treatment Naïve Subjects with Chronic Genotype 1 Hepatitis C Virus Infection

A Phase 2b, Randomized, Double-Blind, Placebo-Controlled Trial Evaluating Response Guided Therapy using Combinations of Oral Antivirals (GS-5885, tegobuvir, and/or GS-9451) with Peginterferon Alfa 2a and Ribavirin in Treatment Experienced Subjects with Chronic Genotype 1 Hepatitis C Virus Infection

Project ECHO® (Extension for Community Healthcare Outcomes)

Collection of Blood Specimens from HCV Antibody
Positive Subjects Protocol No. COL-HCV-200

The ATOMIC Study: A Multicenter, Open-label, Randomized, Duration Finding Study to Investigate the Safety, Tolerability, Pharmacokinetics and Pharmacodynamics following Oral Administration of PSI-7977 in Combination with Pegylated Interferon and Ribavirin in Treatment-Naïve Patients with Chronic HCV Infection Genotype 1, 4, 5, or 6.

Research Trials for 2010

HRRC 10-064 (Zymogenetics) Randomized, Controlled Phase 2a/b Study of the Efficacy and Safety of PEG-rIL- 29 Administered in Combination with Ribavirin to Treatment-Naïve Subjects with Chronic Hepatitis C Virus Infection.

A 3-Year Follow Up Study in Subjects Previously Treated with Telaprevir in Select Clinical Studies. Vertex Pharmaceuticals VX08-950-112 EXTEND

A Phase II, Randomized, Double-Blinded, Multicenter Study to Evaluate the Efficacy and Safety of the HCV Polymerase Inhibitor Prodrug (RO5024048) in Combination with Pegasys and Copegus for 24 weeks verses the Currently Approved Combination of Pegasys and Copegus in Treatment-Naïve Patients with Chronic Hepatitis C Genotype 1 or 4 Virus Infection.

Roche Pharmaceuticals NV22621

A Phase 2 Study of Teleprevir (VX-950) in Combination with Peginterferon Alfa-2a (Pegasys®) and Ribavirin (Copegus®) in Subjects with Genotype 1 Hepatitis C Who Have Not Achieved Sustained Viral Response with a prior course of Interferon-Based Therapy. Vertex Pharmaceuticals VX07-950-108

Research Trials for 2008

A Phase 3 Study of 2 Dose Regimens of Telaprevir in Combination with Peginterferon Alfa 2a (Pegasys®) and Ribavirin (Copegus®) in Treatment Naïve Subjects with Genotype 1 Chronic Hepatitis C, VX07-950-108.
\$165,643.00

Vx-950-TiDP24-C216 "A Randomized, Double blind, Placebo-controlled, Phase III Trial of 2 Regimens of Telaprevir (with and without delayed start) Combined with Pegylated Interferon alfa-2a (Pegtasys) and Ribavirin (Copegus) in Subjects with Chronic Genotype 1 Hepatitis C Infection Who Failed Prior Pegylated Interferon Plus Ribavirin Treatment.

Project ECHO ® (Extension for Community Healthcare Outcomes)

MV21542 (Roche) Prospective observational study on predictors of early on-treatment response and sustained virological response in a cohort of treatment naïve HCV-infected patients treated with pegylated interferon.

MV21371/A (Roche) A Randomized, Open-Label, Multicenter Study Examining the Effects of 24 Versus 48 Weeks of Combination Therapy with PEGASYS® (Peginterferon alfa-2a 40KD) plus COPEGUS® (Ribavirin) on Sustained Virological Response in Patients with Chronic Hepatitis C, Genotype 2 or 3 who do not Achieve a Rapid Viral Response.

VX08-950-111 (Vertex) A Randomized Study of Stopping Treatment at 24 Weeks or Continuing Treatment to 48 Weeks in Treatment-Naïve Subjects with Genotype 1 Chronic Hepatitis C Who Achieve an Extended Rapid Viral Response (eRVR) While Receiving Telaprevir, Peginterferon Alfa2a (Pegasys®) and Ribavirin (Copegus®).

A Randomized, Open-Label, Multicenter Study Examining the Effects of 24 Versus 48 Weeks of Combination Therapy with PEGASYS® (Peginterferon alfa-2a 40KD) plus COPEGUS® (Ribavirin) on Sustained Virological Response in Patients with Chronic Hepatitis C, Genotype 2 or 3 who do not Achieve a Rapid Viral Response
Roche Pharmaceuticals NCORE

Research trials for 2007

A Phase 3, Randomized, Multi-Center Study to Evaluate the Efficacy and Safety of Albumin Interferon Alfa-2b

(alb-IFN) in Combination with Ribavirin Compared with Peginterferon Alfa-2a (PEGASYS or PEG-IFN 2a) in Combination with Ribavirin in Interferon Alfa Naïve Subjects with Chronic Hepatitis C Genotype 1, Achieve 1, HRRC 07-055, \$150,000.

A Phase 2 Study of Telaprevir (VX-950) in Combination with Peginterferon Alfa-2a (Pegasys®), and Ribavirin (Copegus®) in Subjects with Genotype 1 Hepatitis C Who Have Not Achieved Sustained Viral Response with a Prior Course of Interferon-Based Therapy, VX-950-106 and 107 rollover, HRRC 07-041, \$162,500.

A Rollover Protocol of Telaprevir (VX-950) in Combination with Peginterferon Alfa-2a (Pegasys®), and Ribavirin (Copegus®) in Subjects Enrolled in the Control Group (Group A) of Study VX06-950-106 Who do not Achieve or Maintain an Undetectable HCV RNA Level Through Sustained Viral Response, Vertex, VX06-950-107, \$150,000.

Research trials for 2006

“A Phase 2 Study of VX-950 in Combination With Peginterferon Alfa-2a (Pegasys®), with Ribavirin (Copegus®) in Subjects with Genotype 1 Hepatitis C who Have not Received Prior Treatment” , Vertex, HRRC #06-145, \$150,000.

Project ECHO ® (Extension for Community Healthcare Outcomes)

A phase 2, randomized, open-label study of the safety, antiviral activity, and pharmacokinetics of HCV- 796 administered in combination with peginterferon alfa-2b (PEG-Intron), with or without concomitant ribavirin (REBETOL), versus PEG-Intron plus REBETOL in subjects with hepatitis C virus genotype 1 infection. Wyeth, HRRC # 06-442, \$202,804.

Research trials for 2005

“A Phase IIb Clinical Trial to Evaluate the Combination of Pegylated Interferon Alfa plus Valopicitabine (NM283) in Treatment-Naive Patients with Chronic Hepatitis C”. Idenix. HRRC #05-341, \$111,199.

“A Phase 3, Randomized Open-Label Study of the Safety and Efficacy of Two Dose Levels of Daily Interferon Alfacon-1 plus Ribavirin in Hepatitis C Infected Patients Who Failed to Achieve Virologic Response After Previous Pegylated Interferon Alfa plus Ribavirin Therapy and During at least 24 weeks of No Treatment in IRHC-001”. InterMune. HRRC #05-370, \$317,459.

Research trials for 2004

“A Phase 3, Randomized, Open-Label Study of the Safety and Efficacy of Two Dose Levels of Interferon Alfacon-1 (Infergen®, CIFN) plus Ribavirin Administered Daily for 48 Weeks Versus No-treatment in Hepatitis C Infected Patients Who Are Nonresponders to Previous Pegylated Interferon Alfa plus Ribavirin Therapy”. InterMune. \$317,459, HRRC #04-311

“Randomized, Double-Blind, Multicenter Study to Compare the Safety and Efficacy of Viramidine to Ribavirin in Treatment-Naive Patients with Chronic Hepatitis C”. Valeant, Inc. \$255,800, Protocol #RNA003142-301

“A Randomized, Open-label, Multicenter, Efficacy and Safety Study Examining the Effects of Duration of Treatment and of a High Induction Dose of PEGASYS® in Combination with Daily COPEGUS® in Patients with Chronic Hepatitis C Who Did Not Respond to Previous Peginterferon alfa-2b/Ribavirin Combination Therapy”. Hoffmann-LaRoche, \$159,900, Protocol #MV 17150

“Identification of a Molecular Signature from Peripheral Blood that predicts Interferon Response in Hepatitis C Infection”. Exagen Corp., \$302,177, HRRC #03-470

Research trials for 2003

“Dose-Ranging Study of Viramidine in Combination with Pegasys in Treatment-Naive Subjects with Chronic Hepatitis C (HCV) Infection.” Ribapharm, Inc. \$233,800.00, Protocol #200203

Project ECHO ® (Extension for Community Healthcare Outcomes)

Research trials for 2002

“A Continuation Protocol with Open Label Peginterferon Alfa-2a (PEG-IFN) for Patients with Chronic Hepatitis C

Infection (CHC) Participating in the Methadone Drug Interaction Study”.

Hoffmann-LaRoche \$161,592.00

Protocol #NP16187

“The Pharmacokinetic and Pharmacodynamic Effects of the Concomitant Administration of Methadone and Peg Interferon Alfa-2a (PEG-INF) in Chronic Hepatitis C Patients Receiving Methadone Therapy

Hoffmann-LaRoche \$239,664.00

Protocol #NP16048A

“A Rising Multiple-Dose Study to Evaluate Safety, Tolerability, and Pharmacokinetics of Viramidine in Adult Subjects with Compensated hepatitis C Virus (HCV) Infection.

ICN Pharmaceuticals \$104,543.00

Sub-Investigator

“An Efficacy and Safety Study of Intravenous Pentoprazole in the Prevention of Recurrent Peptic Ulcer Bleeding after Successful Hemostasis”.

Wyeth Ayerst \$32,390.00

Clinical Trials for 2001

“A Phase II, Double-Blind, Randomized, Placebo-Controlled, Multicenter Study of the Safety and Anti- Fibrotic Efficacy of Interferon- γ 1b (IFN-b) in Patients with Severe Liver Fibrosis or Compensated Cirrhosis Due to Hepatitis C”

Pharmc Research (Intermune) \$115,620.00

Protocol #3001K2-315-US

“Long-term Follow-Up Protocol to Assess Subjects After Completing 24 Weeks of Follow-Up in a SPRI Clinical Trial for the Treatment of Chronic Hepatitis C.”

5 year

Schering-Plough \$8,750.00

“A Prospective, Randomized, Multicenter, Open-Label, Comparative Safety Study of Pegasys vs. Pegasys Plus Ribavirin Treatment vs. a Twelve Week Treatment Delay in Patients with Chronic hepatitis C.” Hoffman La-Roche Protocol #N216161 \$15,000.00

“A Randomized, Open-Label, Multicenter, Phase III Study Evaluating the Efficacy and Safety of Peginterferon alfa 2a (Ro 25-8310) in Combination with Ribavirin Given for 24 Weeks vs 48 Weeks vs no Treatment in Patients with Chronic Hepatitis C and

Project ECHO ® (Extension for Community Healthcare Outcomes)

Persistently Normal ALT Levels.”

Hoffman La- Roche.

\$72,000.00

“Comparison of PEG Interferon alfa-2b + Ribavirin vs. Interferon alfa-2b + Ribavirin for Treatment of Chronic Hepatitis C in Previously Untreated Adult Subjects.”

Schering-Plough Research Institute.

\$274,559.00

“A Phase III Randomized Multicenter Efficacy and Safety Examining the Duration of Treatment and the Daily Dose of Ribavirin in Patients with Chronic Hepatitis C Virus Infection Treated with the Combination Peginterferon alfa 2a and Ribavirin”

Hoffmann-La Roche

\$84,303.80

“An Extension Protocol to Evaluate the Long-Term Effects of Treatment with PegInterferon Alfa-2a (PEG- IFN) of Interferon Based Therapies for Patients with Chronic Hepatitis C”.

Hoffmann-LaRoche

\$9,250.00 5 years

Past Research

Principal Investigator

“Randomized, Non-blinded, Multicenter, Parallel-Group Trial to Compare the Efficacy of 9 (Interferon Alfacon-1 Administered Subcutaneously Three Times Per Week for 48 or 72 Weeks or Once Daily for 48 Weeks in Patients with Chronic Hepatitis C Virus (HCV) Infection Previously Untreated with Interferon.”

Amgen

\$226,970.00

“Quality of Life Interviews In Hepatitis C Patients” “A Case-Control Study of Sporadic Hepatitis C.”

Invited Lectures

ISQua Conference, Seoul, South Korea, Plenary Panel, August 27-August 30, 2023.

Faculty Scholars Programs orientation & networking event. July 5, 2023.

Association of Nigerian Physicians in the Americas Conference, Project ECHO-Building Communities of Practice to Achieve Health Equity. June 19-June 22, 2023.

Citizen-centric Health Delivery Ecosystems for Universal Health Coverage Leveraging Digital Health & Innovation, April 18 & April 19, 2023.

In-Person Keynote Presentation, UPCEA Annual Conference, "Project ECHO overview and discussion," Washington, D.C., March 22, 2023

Podcast Interview, Making a difference with Sheetal Ohri, January 31, 2023

Virtual Presentation, AHN Fireside chat, "Enhancing Equity by Democratizing Access to Best Practices for Prevention and Treatment of Kidney Disease," January 19, 2023

Virtual Interview, IRDIRC, "Telehealth Key Opinion Leader', January 2023 Virtual Presentation, MN ECHO, "Hepatitis C," January 11, 2023

In-Person Interview, Nationswell, "Systemic Challenges in NM," Albuquerque, NM, December 6, 2022

Virtual Presentation, Social Entrepreneurship at UC Berkeley, "Journey as a social entrepreneur and experience Growing Project ECHO – Pros and Cons." November 21, 2022

Project ECHO ® (Extension for Community Healthcare Outcomes)

In-Person Interview, PBS, “Project ECHO overview,” Albuquerque, NM, October 10, 2022

In-Person Presentation, The Houston Indian Chamber of Commerce Annual Banquet, “Overview of Project ECHO,” Houston, TX, September 23, 2022

In-Person Interview, NM Magazine True Heroes Award Interview, “ECHO overview,” Albuquerque, NM, September 15, 2022

In-person interview, Indian Panorama and PTI, ‘Story of ECHO,’ New York, NY,

August 12, 2022, In-person interview, TV Asia, New York, NY, August 4, 2022

In-Person Presentation, ASCO Annual Meeting, “Project ECHO: 20 Years of Democratizing Specialized Cancer Care Knowledge Across the Globe,” Chicago, IL, June 6, 2022.

In-Person Presentation, 8th ERAS World Congress, “Telemedicine to Improve Healthcare”. Madrid. June 3, 2022. In-Person Grand Rounds Presentation, University of Cape Town South Africa, “Telemedicine to Improve Healthcare”. May 14, 2022.

In-Person Grand Rounds Presentation, University of KwaZulu- Natal, Durban South Africa, “Telemedicine to Improve Healthcare”. May 11, 2022.

In-Person Presentation, UNM Interdisciplinary Science Collaborative Research Symposium, The overall social impact of Project ECHO and the broader impacts for the future. April 19, 2022.

Virtual Presentation, University of Missouri Health Care Show-Me ECHO Virtual Summit, “Sharing the vision Of Project ECHO Globally”. March 18, 2022.

Virtual Presentation , University of Cape Town Hepatitis C Symposium, “HCV Treatment Outcomes using the Project ECHO Model. February 24, 2022.

Virtual Panel Presentation, Devex Prescription for Progress event. “Working across silos to advance progress on other health priorities during COVID-19. February 15, 2022

In-Person, KQRE Morning Show, Conversation with Dr. Alexandra Cvijanovich, NM Pediatrics Society, Project ECHO’s future spoke. February 8, 2022.

Virtual Interview, Bipartisan Policy Center, January 26, 2022.

Virtual Presentation, Deloitte National Hypertension Control Initiative, January 19, 2022.

Project ECHO ® (Extension for Community Healthcare Outcomes)

Virtual Panel Presentation, Quality Education Panel, Singularity Group, Global Impact Summit, December 8, 2021.

Virtual Keynote Presentation, “Global Impact and Initiatives of the ECHO Project”, CEDIA Congress, Ecuador, November 25, 2021.

Virtual Panel Presentation, “Biosciences and Health: Education and Innovation”, UNM Business and Economic Summit, November 16, 2021.

Virtual Presentation, “Digital Health to Drive Equity: How are Digital Solutions Transforming the Delivery of Care?”, UICC World Cancer Leaders’ Summit, October 25, 2021.

Panel Presentation, “Science, not Fiction: How Digital Technologies can change the Course of Cancer Care”, WHO World Health Summit, Berlin, October 24, 2021.

Virtual Panel Presentation, “ Using Technology to Improve Patient Outcomes”, Dalberg Advisors Health Equity and Technology Webinar, September 28, 2021.

Virtual Presentation, “ Keeping Healthcare Alive and Thriving in Rural Communities, Project ECHO”, University of New Hampshire 2021 Radically Rural Conference, September 22, 2021.

Keynote Presentation, “Global Updates for Project ECHO”. New Mexico Primary Care Conference, September 16, 2021.

Virtual Presentation, “Hepatitis Care after COVID-19. Setting up Networks, Project ECHO”, Conference on Liver Disease – Africa, Sponsored by SHARE Global Health Foundation, September 9, 2021.

UNM Internal Medicine Grand Rounds “Improving Access to Care for Patients with Hepatitis C”, UNM- HSC Grand Rounds, September 2, 2021.

Presentation, “Democratizing Knowledge to Improve Access to Care Globally – Project ECHO”, Los Alamos National Lab Foundation Board Meeting, August 2, 2021.

Virtual Panel Presentation, “Solving Together at Scale Cohort “, Catalyst 2030 – Societal Platform Cohort, July 28, 2021.

Virtual Presentation, “Updates on Viral Hepatitis Care and Treatment”, 2021 National Viral Hepatitis Meeting ASTHO, with CDC Support. July 22, 2021.

Virtual Presentation, “The importance of Primary Care in Rural Areas and of Developing Special Skills”, Presbyterian Healthcare Services Nurse Practitioner and Nurse Midwife

Project ECHO ® (Extension for Community Healthcare Outcomes)

Resident Graduation, June 19, 2021.

Virtual Presentation, “What is ECHO and how is it integrated into QI/MOC projects?”, The American Board of Pediatrics Annual Meeting, June 17, 2021.

Virtual Presentation, “Democratizing Knowledge to Improve Access to Care Globally – Project ECHO”, University of Rochester Medical Center Un Meeting, May 27, 2021.

Virtual Plenary Presentation, “Democratizing Knowledge to Improve Access to Healthcare in Rural Communities”, National Rural Health Association National Meeting. May 4, 2021.

Virtual Panel Presentation, “Innovation-driven healthcare: Telehealth and Telemedicine” Partnership for Quality Medical Donations Global Health Policy Forum, April 28, 2021.

Virtual Presentation, “Democratizing Knowledge to Improve Access to Care Globally – Project ECHO”, Yes and Leadership, LLC, Leadership Development Series, April 27, 2021.

Virtual Presentation, “COVID-19 as a Chronic Condition”, ECHO Global Learning Collaborative, April 22, 2021.

Virtual Keynote Presentation, “Democratizing Knowledge to Improve Access to Care Globally – Project ECHO”, ECHO Latinx Conference, April 16, 2021.

Virtual Presentation, “Emergent Variant Strains”, ECHO Global Conversations, April 14, 2021.

Virtual Panel Presentation, “Supporting Vaccine Equity Globally”, Virtual Skoll World Forum, April 14, 2021. Virtual Presentation, “CNA Heroes during COVID-19”, CAN Rally in Washington DC, April 7, 2021.

Virtual Presentation, “Reducing Disparities: Democratizing Access to Healthcare Globally”, NIH CTSA Webinar – Telemedicine, Health, Translational Science and COVID-19, March 24, 2021.

Virtual Presentation, “COVID-19 Diagnostics”, ECHO Global Learning Collaborative, March 1, 2021.

Virtual Panel Presentation, GMG Webinar Panelist, “Reducing Disparities: Democratizing Access to Healthcare Globally”, Pfizer, February 18, 2021.

Virtual Presentation “Vaccine Confidence”, ECHO Global Conversations, February 16, 2021.

Virtual Presentation, Webinar, “Purpose, Challenges, and Successes of the Project ECHO Nursing Home Project, HHS Interagency Aging Group, Focus on Aging: Federal Partners’ Webinar Series. February 2, 2011.

Project ECHO® (Extension for Community Healthcare Outcomes)

Virtual Presentation, “Equitable Global Vaccine Distribution”, ECHO Global Learning Collaborative, February 1, 2021.

Virtual Presentation, Podcast, “Creativity Under Crisis – Project ECHO”, Singularity University, January 21, 2021.

Virtual Presentation, “COVID – 19 Vaccine Distribution Plans”, ECHO Global Conversations, January 11, 2021.

Virtual Presentation, “Improving Healthcare for Rural Communities”, Western Governors Association Winter Meeting Panel Presentation, December 10, 2020.

Virtual Presentation, “Democratization of Medicine – Project ECHO”. PAN IIT 2020 Global Summit, December 5, 2020.

Virtual Presentation, “The Origins of ECHO and why the Model works”. Digital Health and Care Conference, Digifest 2020, Project ECHO Highland Hospice, December 3, 2020.

Virtual Presentation, “Democratizing Knowledge to Improve Access to Care Globally – Project ECHO”, The University of Hong Kong Medical and Health Sciences Education Conference 2020, November 26, 2020.

Virtual Presentation, Capacity Building Workshop: ECHO Training and Troubleshooting, BMSF Grantee Summit, November 18, 2020.

Virtual Presentation, “Hepatitis C Updates – Virtual Care: The Future is Now” AASLD, The Liver Meeting Post Graduate Course, November 14, 2020.

Virtual Keynote Presentation, “Project ECHO and its Values”, ECHO India Virtual Summit, November 9, 2020.

Virtual Presentation, “Democratizing Knowledge for Better Healthcare – Project ECHO”, SGIM Virtual Conference, New England and Mountain West Regional Meeting, November 7, 2020.

Virtual Presentation, “Project ECHO India”. Kotak Wealth Webinar, November 5, 2020.

Virtual Presentation, “Project ECHO/COVID 19”, IHI Summit on Primary Care, October 23, 2020.

Virtual Presentation, “Infrastructure and capacity building in access to remote healthcare, Project ECHO”, Vaibhav Summit 2020, All India Institute of Medical Sciences, October 20, 2020.

Project ECHO® (Extension for Community Healthcare Outcomes)

Virtual Presentation, “Project ECHO: Passions of a Physician that Drove Changes in Medicine by Technology”, 8th Annual Emerging Trends in Dialysis Symposium, SUNY Downstate Medical Center, October 2, 2020.

Virtual Presentation, “Success of the ECHO Model at HCV Elimination”, Pakistan Society of Hepatology, PSH2020. September 24, 2020.

Virtual Presentation, “Democratizing Knowledge to Improve Access to Healthcare in Rural Communities” ASU Annual Summer Institute, September 24, 2020.

Virtual Presentation, “Democratizing health knowledge (ECHO)”, ILEP Conference – Digital Technologies and Leprosy Expertise, September 22, 2020.

Virtual Presentation, “Reducing Disparities: Democratizing Access to Healthcare Globally”, Catalyst 2030 Expert Hour, September 18, 2020.

Webcast Panel Participation “Developing a Project ECHO Telemedicine Program to Improve Rural Outreach and Care”. Xtelligent Media’s Connected Health Virtual Summit. By Video, September 17, 2020.

PTAC Panel – Participating as Subject Expert During PTAC Public Meeting Telehealth Session. By Video, September 16, 2020.

Virtual Panel Presentation, “Project ECHO, The Journey and Shift to Societal Platform Thinking”, Project ASPI-Re, Societal Platform, By Video, August 27, 2020.

Virtual Plenary Presentation, “Democratizing Knowledge to Improve Access to Care Globally - Project ECHO”, The Nudge Forum (Global Edition), August 15, 2020.

Virtual Panel Presentation, “Democratizing Knowledge to Improve Access to Care Globally - Project ECHO” Jodhpur School of Public Health Webinar – From AIDS to COVID: The Rocky Road of Public Health, By Video, August 8, 2020.

Virtual Presentation, “Democratizing Access to HCV treatment - Role of Community Doctors in HCV Elimination”, ACP Webinar on Viral HepC Elimination, By Video, July 29, 2020.

Virtual Presentation, “Democratizing Access: Using Technology to Provide Healthcare Services Across India”, Ahmedabad University Webinar Series, By Video, July 25, 2020.

Virtual Presentation, “Project ECHO – Response to COVID-19”, Every Breath Counts Weekly Coalition and COVID - 19 Response, By Video, July 13, 2020.

Project ECHO ® (Extension for Community Healthcare Outcomes)

Podcast Interview, “Democratizing Knowledge to Improve Access to Care Globally - Project ECHO”, Why Institute, By Zoom, July 10, 2020.

Virtual Grand Rounds, “Democratizing Knowledge to Improve Access to Care Globally - Project ECHO”, University of Maryland, By Video, July 8, 2020.

Virtual Presentation, “Project ECHO (Extension for Community Healthcare Outcomes)”, Presented to the Board at Einstein Hospital in Brazil. By Video, July 2, 2020.

Virtual Keynote Presentation, “Project ECHO: Responding to COVID - Building Workforce Capacity and Strengthening Health Systems in Rural and Underserved Communities”, Catalyst2030 – A Collaboration between the Skoll Foundation, Schwab Foundation, Ashoka and Echoing Green. By Video, June 18, 2020.

Virtual Presentation, “Focus on Telehealth – What we have learned during COVID-19”, US Senate HELP Full Committee Hearing, By Video, June 17, 2020.

Virtual Presentation, “New Frameworks for Workforce Development: Translating the Project ECHO Model in the age of COVID-19”, NNPHI Learning Session, By Video, May 19, 2020.

Virtual Grand Rounds Presentation, “Hepatitis C Treatment Updates”, CHI St Gabriels - Rural Opiod Health Series. By Video, May 13, 2020.

Virtual Presentation, “Telemedicine and Telehealth in the Pandemic”, IHI Virtual Learning Hour on Topics Related to COVID-19. By Video, May 1, 2020.

Virtual Presentation, “Diagnosing COVID-19, Algorithms and Decision Making” Latin American Teleclinic for ECHO Uruguay: Diagnosing COVID-19. By Video, April 10, 2020.

Virtual Keynote Presentation, “Woundcare and the Project ECHO Model: Creating a Supportive Network of Practice Between Specialists and Providers”, WoundCon Conference, By Video, April 2, 2020.

Virtual Panel Presentation, “Using Telehealth to Address COVID-19” Emergency Health Workforce Policies to Address COVID-19: Expanding Telehealth, Fitzhugh Mullan Institute for Health Workforce Equity, By Video, March 27, 2020.

Virtual Keynote Presentation, “Virtual Presentation, “Democratizing Access to Best Practice Healthcare: Project ECHO”, HRSA Federal Telehealth Meeting, by Video, March 5, 2020.

Plenary Presentation, “Project ECHO Applied Approach to Kidney Transplant”, CMS Quality Conference, ETC Kidney Transplant Learning Collaborative Session, Baltimore, MD, February 25, 2020.

Project ECHO ® (Extension for Community Healthcare Outcomes)

Virtual Panel Presentation, “The Future Impact of Project ECHO”, ECHO Ontario Conference 2020, By Video, January 31, 2020.

Presentation, “Project ECHO (Extension for Community Healthcare Outcomes)”, CMS Lunch Seminar, Atlanta, Georgia, December 11, 2019.

Presentation, "Project ECHO: Democratizing Expert Knowledge for Global Health" Taskforce for Global Health, Atlanta, Georgia, December 11, 2019.

Presentation, “Project ECHO (Extension for Community Healthcare Outcomes)”, Carter Center, Atlanta, Georgia, December 10, 2019.

Presentation, “Project ECHO – India” DASRA Philanthropy Forum, Palo Alto, California, December 5, 2019.

Panel Presentation, “Telehealth as a Population Health Tool” US News and World Report Healthcare of Tomorrow Forum, Washington, DC, November 18, 2019.

Grand Rounds Presentation, “Project ECHO - Democratizing Knowledge to Improve Access to Continuum of Cancer Care Globally”, UMMC Cancer Center and Research Institute, Jackson, Mississippi, November 6, 2019.

Presentation, “15 Years of Project ECHO” , 25th Annual Four Corners TB and HIV Conference, Durango, Colorado, November 5, 2019.

Plenary Presentation, “Project ECHO: Democratizing Expert Knowledge for Global Health”, The Royal Australian College of General Practitioners - GP19, By Video, October 25, 2019.

Keynote Presentation, “Project ECHO (Extension for Community Healthcare Outcomes)”, World Rural Health Conference, Albuquerque, NM, October 13, 2019.

Grand Rounds Presentation, “Project ECHO (Extension for Community Healthcare Outcomes)”, UNM Pediatric Department, October 3, 2019.

Keynote Presentation, “Project ECHO (Extension for Community Healthcare Outcomes)”, Oklahoma State University Symposium, Project ECHO 2020: Planning for a decade of Growth in Oklahoma, Tulsa, Oklahoma, August 29, 2019.

Presentation, “Expanding Access to Hepatitis C Treatment through Project ECHO”, National Governors Association Learning Lab, Albuquerque, New Mexico, July 31, 2019.

Presentation, “Democratizing Knowledge to Reduce Disparities in Healthcare - Project ECHO”, International Medical Society and Health Agency Network, Video Presentation, July 18, 2019.

Project ECHO® (Extension for Community Healthcare Outcomes)

Presentation, “Project ECHO (Extension for Community Healthcare Outcomes)”, Albuquerque Economic Forum, Albuquerque, New Mexico, June 26, 2019.

Presentation, “Project ECHO (Extension for Community Healthcare Outcomes)”, NIH CTSA NCATS Webinar, Video Presentation, June 26, 2019.

Keynote Presentation, “Democratizing Knowledge to Reduce Disparities in Healthcare - Project ECHO”, Aspen Ideas: Health 2019, Aspen, Colorado, June 23, 2019.

Panel Presentation, “Reaching Rural Populations – Project ECHO” Aspen Ideas: Health 2019, Aspen, Colorado, June 24, 2019.

Presentation, “Project ECHO (Extension for Community Healthcare Outcomes)”, The ECHO Act, Policy Day on the Hill, Washington, DC, June 4, 2019.

Presentation, “Project ECHO (Extension for Community Healthcare Outcomes)”, TMA Council on Medical Education Meeting – General Session, Dallas, Texas, May 16, 2019.

Presentation, “Project ECHO (Extension for Community Healthcare Outcomes)”, ECHO India Immersion, By Video, May 10, 2019

Keynote Presentation, “Project ECHO (Extension for Community Healthcare Outcomes)”, Supporting Technology Transfer and Catalyzing Economic Development at The University of New Mexico Innovation Awards Ceremony. Albuquerque, New Mexico, April 23, 2019.

Workshop Presentation, “Project ECHO (Extension for Community Healthcare Outcomes)”, Mini- Immersion Workshop at Bristol Meyer Squibb Grantee Summit, Princeton, New Jersey, April 16, 2019.

Panel Presentation, “Project ECHO (Extension for Community Healthcare Outcomes)”, Co-Impact Ecosystem Event: How do you build a true relationship with government?, Skoll Forum 2019, Oxford, England, April 10, 2019.

Panel Presentation, “Project ECHO (Extension for Community Healthcare Outcomes)” Delegate Led Lunch Discussion Panel, Skoll Forum 2019, Oxford, England, April 11, 2019.

Panel Presentation at ECHO-featured Ecosystem Event by D-Rev, “Project ECHO (Extension for Community Healthcare Outcomes)” Skoll Forum 2109, Oxford, England. April 9, 2019.

Presentation “Project ECHO (Extension for Community Healthcare Outcomes)”, ATC 2019 Teleconference, Health Informatics Society of Australia, By Video, April 3, 2019.

Keynote Presentation at The ASPEN 2019 Nutrition Science & Practice Conference, “Moving

Project ECHO ® (Extension for Community Healthcare Outcomes)

Knowledge Not Patients”, Phoenix, Arizona, March 24, 2019.

Presentation at The Permanente Medical Group Board Meeting, “Project ECHO (Extension for Community Healthcare Outcomes)” San Rafael, California, March 21, 2019.

Presentation at Global Hope Leadership Meeting, “Project ECHO (Extension for Community Healthcare Outcomes)”, Texas Children’s Hospital, Houston, Texas, March 8, 2019.

Presentation, “Project ECHO (Extension for Community Healthcare Outcomes)”, NM DOH Bureau of Health Emergency Management, NM Partners in Preparedness Annual Conference, March 6, 2019

Presentation “Project ECHO (Extension for Community Healthcare Outcomes)”, ECHO India Immersion, By Video, February 8, 2019,

Presentation Helmsley Trust Offices, “Let’s Think: Bridging the Gaps in Healthcare for Underserved Communities” New York, New York, January 8, 2019.

Luncheon “Brown Bag” Presentation, The Global Fund, “Project ECHO (Extension for Community Healthcare Outcomes)” and discussion of its implementation in Georgia. Geneva, Switzerland, November 26, 2018.

Opening Presentation, Prevent Cancer Foundation Quantitative Imaging Workshop, “Project Echo as a Vector to Improve Screening Process and Participation”, Alexandria, Virginia, November 6, 2018.

Plenary Presentation and two panel presentations UICC WCC, “Project ECHO (Extension for Community Healthcare Outcomes)”, Kuala Lumpur, Malaysia October 1-4, 2018.

Keynote Presentation Pan-American International Forum, “Project ECHO (Extension for Community Healthcare Outcomes)- Changing the World Fast!” Guanajuato, Mexico, August 15, 2018.

Keynote Presentation ACU Conference “Project ECHO (Extension for Community Healthcare Outcomes)”, Washington DC, July 30, 2018.

Virtual Presentation Southeast Regional Genetics Network, “Project ECHO (Extension for Community Healthcare Outcomes)”, Virtual from Albuquerque, July 19, 2018.

Presentation HRPO University,” Project ECHO (Extension for Community Healthcare Outcomes)”, Albuquerque, New Mexico, July 17, 2018.

Presentation at DDW, “Project ECHO (Extension for Community Healthcare Outcomes)”, Washington, DC, June 5, 2018.

Project ECHO ® (Extension for Community Healthcare Outcomes)

Grand Rounds Penn State “The Power to Cure Multiplied – Project ECHO”, Hershey, Pennsylvania, May 22, 2018.

Virtual Keynote Presentation Global Alliance for Medical Education, “Project ECHO (Extension for Community Healthcare Outcomes)”, May 19, 2018

Virtual Presentation Teach for All, “Project ECHO (Extension for Community Healthcare Outcomes)”, Virtually from Albuquerque, New Mexico, May 14, 2018.

Grand Rounds University of Minnesota Cancer Center, “ Democratizing Knowledge to Improve Access to Continuum of Cancer Care Globally - Project ECHO”, Minneapolis, Minnesota, April 27, 2018.

Grand Rounds Hennepin County Medical Center, “Project ECHO (Extension for Community Healthcare Outcomes)”, Minneapolis, Minnesota, April 26, 2018.

Presentation Minneapolis Club , “Project ECHO (Extension for Community Healthcare Outcomes)”, Minneapolis, Minnesota, April 25, 2018.

Presentation at Skoll Breakfast Salon, Nuffield College, “Scaling globally with the ECHO model” Oxford, England, April 12, 2018.

Presentation at Skoll Co-Impact Meeting, “Leveraging Technology to Close the Distance in Global Health Access”, London, England, April 11, 2018

Presentation MaineHealth Cancer Center, “Democratizing Knowledge to Reduce Disparities in Cancer Care – Project ECHO”. Scarborough, Maine, April 5, 2018.

Presentation University of New England, “Project ECHO (Extension for Community Healthcare Outcomes)”, Portland, Maine, April 4, 2018.

Presentation at UNH Law School with Policymakers and Funders, “Project ECHO (Extension for Community Healthcare Outcomes)”, Augusta Maine, April 4, 2018.

Presentation Maine General Cancer Center “Democratizing Knowledge to Reduce Disparities in Cancer Care – Project ECHO”, Augusta Maine, April 4, 2018

Keynote Presentation Maine Quality Counts Conference, “Moving Knowledge not Patients – Project ECHO”, Augusta Maine, April 4, 2018.

Presentation to University of New Hampshire, “Project ECHO (Extension for Community Healthcare Outcomes)”, Hanover, New Hampshire, April 3, 2018.

Project ECHO[®] (Extension for Community Healthcare Outcomes)

Panel Presentation Vermont State House, “Tele-Education – Project ECHO” Montpelier, Vermont, April 2, 2018.

Grand Rounds University of Vermont, “Project ECHO (Extension for Community Healthcare Outcomes)”, Burlington, Vermont, April 2, 2018.

Keynote Presentation at APASL Conference, “Project ECHO (Extension for Community Healthcare Outcomes)”, New Delhi, India, March 15, 2018.

Keynote Presentation at Project ECHO Orientation, “Project ECHO (Extension for Community Healthcare Outcomes)”, Delhi, India, March 14, 2018.

Keynote Presentation at Project ECHO Orientation, “Project ECHO (Extension for Community Healthcare Outcomes)”, Hanoi, Vietnam, March 7, 2018.

Grand Rounds Institute Pasteur, “Project ECHO (Extension for Community Healthcare Outcomes)”, Ho Chi Minh City, Vietnam, March 5, 2018

Grand Rounds Yale Cancer Center/Smilow Cancer Center “Democratizing Knowledge to Reduce Disparities in Cancer Care – Project ECHO”, New Haven, Connecticut, February 6, 2018.

Grand Rounds University of Kansas Medical Center, “Project ECHO – helping change the face of cancer care”, Fairway, Kansas, February 2, 2018

Keynote Presentation at NEOMED Project ECHO Launch, “Project ECHO (Extension for Community Healthcare Outcomes)”, NEOMED Campus in Columbus, Ohio, January 30, 2018.

Grand Rounds Northeast Ohio Medical University, “The Power to Cure Multiplied – Project ECHO”, Cleveland, Ohio, January 29, 2018.

Grand Rounds Jacobi Cancer Center, “Reducing Barriers to Care - Cancer Disparities - Project ECHO”, The Bronx, New York, January 16, 2018.

Grand Rounds Presentation UNM Children’s Hospital “Project ECHO (Extension for Community Healthcare Outcomes)”, Albuquerque, New Mexico, January 11, 2018.

Guest Lecture, Arizona State University, “Project ECHO (Extension for Community Healthcare Outcomes), Phoenix, Arizona, November 14, 2017.

Project ECHO® (Extension for Community Healthcare Outcomes)

Grand Rounds Presentation Princess Alexandra Hospital, “Project ECHO (Extension for Community Healthcare Outcomes)” Brisbane, Australia, November 10, 2017.

Grand Rounds Presentation Children’s Hospital Queensland, “Project ECHO (Extension for Community Healthcare Outcomes)” Brisbane, Australia, November 8, 2017.

Keynote Presentation APIC1 “Democratizing knowledge to expand access to care for underserved populations”, Brisbane, Australia, November 6, 2017.

Plenary Presentation Association of American Cancer Institutes, “Reducing Barriers to Care - Cancer Disparities - Project ECHO”, Washington, DC, October 17, 2017.

Plenary Presentation University of Illinois Cancer Center Symposium, “Demonopolizing Knowledge to reduce disparities in Cancer Care – Project ECHO”, Chicago, Illinois, October 11, 2017.

Plenary Presentation ICVH, “Project ECHO - Lessons Learned, Opportunities Seized, Challenges Overcome”, Chicago, Illinois, October 10, 2017.

Keynote Address Oklahoma State University Center for Health Sciences, “The Power to Cure Multiplied – Project ECHO”, Tulsa, Oklahoma, September 29, 2017.

Plenary Presentation ASTHO, “Reducing Disparities in Cancer Care - Project ECHO”, Washington, DC, September 21, 2017.

Plenary Presentation CDC Cancer Conference, “Reducing Disparities in Cancer Care - Project ECHO”, Atlanta, Georgia, August 15, 2017.

Grand Rounds Presentations, Kimberley Hospital, Stellenbosch University, Wits University, “Reducing Disparities in Cancer Care - Project ECHO”, Johannesburg, Kimberley, Cape Town, South Africa, July 17- 28, 2017.

Grand Rounds University of Nebraska Medical Center and Cancer Center, “Reducing Disparities in Cancer Care - Project ECHO”, Omaha, Nebraska, July 7, 2017

Grand Rounds, Stanford Cancer Center. “Reducing Disparities in Cancer Care – Project ECHO”, Palo Alto, California, June 21, 2017.

Grand Rounds, Indiana University Simon Cancer Center, “Reducing Disparities in Cancer Care - Project ECHO”, Indianapolis, Indiana, June 9, 2017.

Grand Rounds, Virginia Commonwealth University Department of Internal Medicine, “Project ECHO (Extension for Community Healthcare Outcomes)”, Richmond, Virginia, June 1, 2017.

Project ECHO ® (Extension for Community Healthcare Outcomes)

Presentation RWJF Board Meeting, “Project ECHO (Extension for Community Healthcare Outcomes)” Princeton, New Jersey, May 30, 2017.

Commencement Address University of Nevada Medical School, “Project ECHO (Extension for Community Healthcare Outcomes), Reno, Nevada, May 19, 2017.

Grand Rounds Presentation Oschner and LSU, “Project ECHO (Extension for Community Healthcare Outcomes)” New Orleans, Louisiana, May 4, 2017.

Panel Presentation Viral Hepatitis Action Coalition Elimination Summit, “Project ECHO (Extension for Community Healthcare Outcomes)” Atlanta, Georgia, April 27, 2017.

Presentation at EASL Symposium, “The Power to Cure Multiplied – Project ECHO” , Amsterdam, The Netherlands, April 21, 2017.

Presentation Bristol-Myers Squibb Foundation Grantee Summit “ Reducing Disparities in Cancer Care
- Project ECHO”, Atlanta, Georgia, April 10, 2017.

Presentation Western States Region Hemophilia Meeting, “The Power to Cure Multiplied – Project ECHO, San Diego, California, April 3, 2017.

Grand Rounds Presentation Jewish Hospital, “The Power to Cure Multiplied – Project ECHO, Louisville, Kentucky, March 31, 2017.

Grand Rounds Presentation Kentucky University, “Project ECHO (Extension for Community Healthcare Outcomes) The Power to Cure Multiplied, Louisville, Kentucky, March 30, 2017

Grand Rounds Presentation Markey Cancer Center, “Project ECHO (Extension for Community Healthcare Outcomes), Lexington, Kentucky, March 28, 2017.

Plenary Presentation CREOG & APGO Annual Meeting, “Project ECHO (Extension for Community Healthcare Outcomes), Orlando, Florida, March 8, 2017.

ECHO Ontario Conference, “Project ECHO- Changing the World” Toronto, Canada, March 3, 2017.

Grand Rounds Presentation Boston Children’s Hospital, “Project ECHO (Extension for Community Health Outcomes)”, Boston, Massachusetts, February 6, 2017.

Tata Memorial Centre Platinum Jubilee, “Democratizing Knowledge to Improve Care for the Underserved: Project ECHO”, Mumbai, India, January 28, 2017.

APICON, 72nd Annual Conference of the Association of Physicians of India, “Democratizing

Project ECHO® (Extension for Community Healthcare Outcomes)

Knowledge to Improve Care for the Underserved: Project ECHO”, Mumbai, India, January 27, 2017.

Keynote Presentation “Leveraging Technology to Retool the Delivery of Healthcare in Rural Oklahoma”, OSU – CHS Rural Health Leadership Summit, Tulsa, Oklahoma, January 11, 2017.

Grand Rounds Presentation Hillcrest Medical Center, “Project ECHO – Breaking Down Barriers to Specialty Care in Rural Oklahoma”, Tulsa, Oklahoma, January 10, 2017.

Grand Rounds Presentation – Cancer Center Research Seminar Series, “Democratizing Knowledge to Reduce Disparities in Cancer Care – Project ECHO”, Birmingham, Alabama, December 7, 2016.

Presentation by video to the Department of Health, Haryana, and PGIMER, Chandigar, India “ HCV and ECHO in Haryana”, November 22, 2016.

Presentation to Gates Foundation Selected Lessons Learned from U.S. Primary Care Symposium, “Project ECHO (Extension for Community Health Outcomes)”, Seattle Washington, November 9, 2016

The Economist Conference, War on Cancer Forum, “Dissemination of Best Practices and Reducing Disparities in Cancer Care: Project ECHO”, Boston, MA, September 28, 2016.

Grand Rounds Presentation Harvard School of Dental Medicine, “Project ECHO (Extension for Community Health Outcomes)”, Boston, MA, September 28, 2016.

Grand Rounds Presentation Beth Israel Deaconess Medical Center, Oncology Faculty Meeting, “Dissemination of Best Practices and Reducing Disparities in Cancer Care: Project ECHO”, Boston, MA, September 28, 2016.

Grand Rounds Presentation Joslin Diabetes Center, “Project ECHO (Extension for Community Health Outcomes)”, Boston, MA, September 26, 2016.

Presentation to Cancer Center of New Jersey (CINJ), “Dissemination of Best Practices and Reducing Disparities in Cancer Care: Project ECHO”, New Brunswick, NJ, September 22, 2016.

Grand Rounds Presentation, Johns Hopkins School of Medicine, “Project ECHO (Extension for Community Health Outcomes)”, Baltimore, MD, September 21, 2016.

The Substance Abuse and Mental Health Services Administration (SAMHSA), “Project ECHO (Extension for Community Health Outcomes)”, Baltimore, MD, September 20, 2016.

Project ECHO ® (Extension for Community Healthcare Outcomes)

University of New Mexico Fall Lecture for Physician Assistants, “Hepatitis C Update”, Albuquerque, NM, September 16, 2016.

Grand Rounds at Baylor Cancer Center, “Dissemination of Best Practices and Reducing Disparities in Cancer Care: Project ECHO”, Houston, TX, September 13, 2016.

Grand Rounds at Baylor St. Luke's Medical Center, “Dissemination of Best Practices and Reducing Disparities in Cancer Care: Project ECHO”, Houston, TX, September 12, 2016.

Grand Rounds Presentation at the University of Texas, MD Anderson Cancer Center, “Dissemination of Best Practices and Reducing Disparities in Cancer Care: Project ECHO”, Houston, TX, September 12, 2016.

Texas Medical Center, Health Workforce Innovations to Support Delivery System Transformation, “Project ECHO (Extension for Community Health Outcomes)”, Houston, TX, September 12, 2016.

New Mexico Cancer Center, “Project ECHO®: Empowering Healthcare Providers to Improve Cancer Care”, Albuquerque, NM, August 30, 2016.

New Mexico Cancer Council Meeting, “Dissemination of Best Practices and Reducing Disparities in Cancer Care: Project ECHO” Albuquerque, NM, July 20, 2016.

SCAN ECHO Roundtable Presentation, “Overcoming Barriers to HealthCare – Project ECHO”, Washington DC, July 12, 2016.

Grand Rounds Presentation, Boston Medical Center, Boston, MA “Democratizing Knowledge to Reduce Disparities in Healthcare – Project ECHO”, July 11, 2016.

White House Organ Summit, Washington, DC, Breakout Presentation “Project ECHO (Extension for Community Health Outcomes)”, June 13, 2016.

100 million Healthier Lives, IHI, Cambridge, MA, Video Presentation on the work Project ECHO is doing with the Integrated Addictions and Psychiatry TeleECHO Clinic. June 2, 2016.

National Osteoporosis Foundation Interdisciplinary Symposium on Osteoporosis, Miami, FL. Keynote Presentation “Project ECHO: Improving Health in Underserved Populations Through Technology” May 13, 2016.

University of New Mexico, Department of Pathology Seminar Series, Albuquerque, NM, Presentation “Project ECHO: Moving Knowledge Instead of Moving Patients”, May 5, 2016.

SIE Global Convening, New York, NY Presentation “Project ECHO (Extension for Community Health Outcomes)”, April 25, 2016.

Project ECHO ® (Extension for Community Healthcare Outcomes)

Grand Rounds Presentation UMass University Campus, Worcester, MA “Project ECHO (Extension for Community Health Outcomes)”, April 20, 2016.

Grand Rounds Presentation, CMS, Windsor Mill, MD “Project ECHO (Extension for Community Health Outcomes)”, April 19, 2016.

ACP First Congress, India, Video Presentation “HCV ECHO in India”. April 2, 2016.

Bi-Partisan Congressional Health Policy Conference, Middleburg, VA, Panel Presentation “Project ECHO (Extension for Community Health Outcomes)”, March 12, 2016.

National Association for the Study of the Liver, Lucknow, India, Presentation “HCV ECHO in India” and “Controlling HCV Infection in India”, March 3-5, 2016.

AACR Cancer Prevention Summit, Leesburg, VA, Panel Presentation “Project ECHO (Extension for Community Health Outcomes) – Pioneering A New Dissemination & Implementation Approach”. February 3, 2016.

Grand Rounds Presentation Yasoda Hospital, Hyderabad, India, “Project ECHO (Extension for Community Healthcare Outcomes)”, December 21, 2015.

APASL Liver Meeting, Delhi, India, Presentation “Project ECHO – The Power to Cure Multiplied”, December 19, 2015.

IHI Scientific Symposium and Faculty Midwalk, Orlando, FL Presentation “Project ECHO (Extension for Community Healthcare Outcomes)”, December 6 and 7, 2015.

American College of Wound Healing and Tissue Repair (ACWHTR) Conference, Chicago, IL, Keynote, “Project ECHO (Extension for Community Healthcare Outcomes)”, December 4, 2015.

Grand Rounds Presentation, University of Illinois College of Medicine, “Project ECHO (Extension for Community Healthcare Outcomes)”, December 2, 2015.

2015 CMS Quality Conference, Baltimore, MD, Presentation “Project ECHO – The Power to Cure Multiplied”, December 1, 2015.

AASLD Post Graduate Course, San Francisco, CA, Faculty Presentation, “New Models of Care to Patients with Liver Disease”, November 14, 2015.

Grand Rounds Presentation at NYU Medical Center New York, NY “Project ECHO (Extension for Community Healthcare Outcomes)”, October 28, 2015.

Project ECHO ® (Extension for Community Healthcare Outcomes)

New Jersey Primary Care Association Presentation, Atlantic City, NJ “Project ECHO (Extension for Community Healthcare Outcomes)”, October 28, 2015.

Grand Rounds Presentation at Rutgers, New Brunswick, NJ “Project ECHO (Extension for Community Healthcare Outcomes)”, October 28, 2015.

American Academy of Pediatrics 2015 National Conference, Washington, DC, “Telementoring as a Strategy to Reach Children Globally”, October 25, 2015, “ Changing the World of Pediatrics ; How Telementoring Can Aid in Reaching Children Globally”, October 25, 2015.

Leadership in Innovation Awards, Long Beach, CA, Keynote “Project ECHO, The Power to Cure Multiplied”, October 21, 2015.

Jindal CSR Conference, Delhi India, “Project ECHO (Extension for Community Healthcare Outcomes)”, September 28, 2015.
